

COMMENDABLE.—Several of our citizens volunteered on yesterday for a short campaign against the Indians, and left in the evening to co operate with Capt. Messic, upon being assured by Gen. Kibbe, that their services would be acceptable. They are good-pluck and anxious for a brush with the enemy, and we have no doubt but they will be on hand at the right time. Their names are W. S. Robinson, D. W. Jenkins, Thos. Green, Wm. Gardner, H. W. Arbogast, D. Huskitt, H. Hogoboom, A. S. Thurston and C. Shemaker. —Northern Californian.
