Geo. W. Hanson, late Superintendent of Indian Affairs in Northern California is accused (by the San Francisco Call,) with appropriating to his own use goods belonging to the United States. We presume Mr. Hanson will soon make a public statement regarding the matter. From what we can learn of the affair, Commissioner Dole, on the part of the Government, undertook to wrong Mr. Hanson out of a considerable sum of money-- which loss, he took measures to guard against, and notified Mr. Dole, in advance, of his intention so to do.
