HOOPA RESERVATION, CALIFORNIA, February 20, 1865.

Sir:—Until further orders you will confine yourself as nearly as possible to the following instructions in the management of the Reservation under your charge:

All employees are to receive orders from you, and obey them under peril of discharge.

All trains or travelers passing through the Valley are to camp on the west side of the river, unless otherwise directed by you.

No person or persons will bring or cause to be brought within the limits of the Reservation any distilled or malt liquors, or wine, unless by order of the commanding officer at Fort Gaston, except upon the following conditions: Packer trains or travelers will be permitted to carry it in packages, but if any liquor or wine be sold, given away, or in any manner disposed of by any traveler or packer to any soldier, employee or Indian, the party so offending shall be liable to arrest and punishment, and his goods, wares or merchandise confiscated, as provided for by Act of Congress of 1834, which is still in force and effect. This law also provides that Indian testimony may be taken against an offender when corroborated by other evidence.

When any general order intending to exclude certain persons from the limits of the Reservation be not complied with, within a given time, you will cause a written notice to be personally served on each individual to the effect that if within a given number of hours they are found within the limits of the Reservation they will be arrested and turned over to the military authorities for punishment.

Any person who shall sell, trade or give a gun or pistol to any Indian, or in like manner dispose of any powder, caps or lead, within the limits of the Reservation, except with the consent of the Agent, shall be arrested and turned over to the civil authorities for punishment.

No Indian belonging to any of the tribes included in the treaty stipulations entered into in Au-

or pistol to any Indian, or in like manner dispose of any powder, caps or lead, within the limits of the Reservation, except with the consent of the Agent, shall be arrested and turned over to the civil authorities for punishment.

No Indian belonging to any of the tribes included in the treaty stipulations entered into in August, 1861, and confirmed on the 8th day of February 1865, will be permitted to leave the Reservation without a written permit from the Agent, under penalty of being treated as a hostile Indian, while without the limits, and arrest and punishment on his return. The Agent will be particular to impress this upon the minds of all the Indians.

When the assistance of the military is necessary for the enforcement of any order given by the Agent in compliance with these instructions, the Commanding Officer will be notified in writing by the Agent that such an order (a copy of which will be furnished the officer) has been disregarded by some person or persons, and requested that the person or persons so offending be arrested, and such steps taken on the part of the Commanding Officer to compel obedience, as in his judgment may be deemed fit.
