

VOLUNTEERS.—The enrollment of volunteers to act as guides in the service of the U. S. for the term of three months, commenced on Wednesday. They will meet in this place on Wednesday next and elect their officers, after which they will be mustered into service at Fort Humboldt. The list will be kept open until the morning of that day—17th inst.

MOVEMENT OF TROOPS. We omitted to notice last week the departure of troops from Fort Humboldt for the mountains. Lieut. J. B. Collins with a detachment of forty-five men left the fort on the 26th ult., for Yager creek and district of country south as far as South Fork El river. He has orders to chastise hostile Indians wherever found on his route, to report upon the importance of having a military post established in that region, and a proper site for the same.
