

The Indians.—Capt. Judah has induced sixteen  
Indians of the Red Cap tribe to surrender; killed  
one of Chiponish's party, captured his wife and  
child, two other squaws, and a large amount of  
game. Among those who have come in and sur-  
rendered are two of the most influential chiefs of  
the party. Capt. Judah is now at the mouth of  
Salmon. We are informed that he keeps scouting  
parties out constantly and expects to capture the  
remainder in a week or two.

## AN INTERESTING LETTER.

From the Washington Intelligence. Every reader, we doubt not, will agree with us that the published letter is not only an interesting one, but that the concluding sentence of it is a remarkable piece. It is an exact copy of a letter written by Gen. Winfield Scott, when a Captain in the army, during a campaign at his home in Peterburg, Virginia, on the 15th of June, 1811. The letter was addressed to an old friend in this city, and is now in possession of the son of J. Edwards, Esq. Great events make great men. It seems to have been the purpose of the young soldier to leave a review of his military career to the world, and to be that as it were, a record of his life.

## THE LATEST BREACH OF THE PACT.

The latest breach of the pact occurred in the month of March, in this county, last Tuesday. Miss Harriet Brown, daughter of J. Brown, Esq., accompanied by her father, went in the evening to visit a neighbor, Mr. Wm. Astor, and the next morning she was her father's home above a post over the high fence, belonging to Mr. Astor, and pursued her. He overtook her on the side with sufficient force to put her through the fence, and she was thrown to the ground. She was taken to her father's house, and she was taken to her father's house, and she was taken to her father's house.
