

X  
ANOTHER OUTRAGE.—We are informed by Mr. Flower, Humboldt mail carrier, that at daylight on the morning of the 6th, a party of Indians attacked a pack train camped about a mile up the mountain from Miner's on Redwood creek. The train belonged to Mr. Plat, and the goods to Goldsmith & Lake, of Hoopa Valley. The packers ran to camp Douglas, three-fourths of a mile away. A detachment of men was immediately sent to the spot, and succeeded in killing one Indian—the rest escaped. They took all the clothing, shoes, and to them, other necessary articles; then burned the contents of the train.—[Trinity Journal.]

# The Nevada Democrat

**QUICKSILVER AGENCY**  
 OF THE NEW IBERIA MINES.  
 The best silver in the State, sold at San Francisco at a low price.

**Nevada Democrat.**  
 BY OVERLAND TELEGRAPH.  
 (From the Associated Press Dispatch.)  
 DATES TO APRIL 22D.

CHICAGO, April 22.—Special dispatches to the New York papers state that frequent letters from the West, to Congressmen, demand investigation into the battle at Pittsburg Landing.

The Savannah News says a skirmish took place at White Marsh Island, between the Georgia 13th and a Michigan regiment. The latter was repulsed with a loss of twenty; Confederate loss, five killed and seven wounded.

The rebel Senate have passed a bill raising the postage on single letters to 10 cents. A House bill prohibits the sale of cotton, sugar and tobacco to the enemy.

A dispatch from Knoxville to the Richmond papers says that 300 of Ashby's cavalry fought 750 Federals near Jacksonville, for two hours, killing 75 and taking 500 prisoners. The rebel loss was twenty wounded. The dispatch adds, that no less than 5,500 Federals have left East Tennessee for Kentucky since the Governor's proclamation calling out troops.

A dispatch from Washington, N. C., says: There was fighting at Fort Macon, April 16th and 17th. Col. White sent out part of his men on the beach and found 300 Yankees; they killed 150 of our men; we then retreated to the fort, and Col. White fired cannon against the enemy, killing great numbers.

The enemy have planted a battery of mortars and siege guns on the beach, two miles from the fort. Large ships are to be seen outside.

Richmond papers say McClellan is withdrawing from iron-clad gunboats to take Richmond, by way of James River. They call

dition. Regiments that were so frightened and dissipated are being re-organized. Our scouts who have penetrated the enemy's lines say Beauregard is busily engaged in throwing up intrenchments along the whole line, and planting batteries, preparing for a systematic defense. The intelligence is deemed reliable, and is corroborated by deserters. It is thought the rebels will act mainly on the defensive, and the aggressive will be made by Halleck at an early day. It is known that Beauregard has been greatly reinforced, his ranks being continually swelled by forced levies. The roads are in a wretched condition.  
 CAHO, April 21.—There is nothing important from the fleet. Latest arrivals represents the continuance of the bombardment. The rebels fire with great accuracy, but have done no harm yet. The firing on our side continued with regularity, by both mortars and gunboats.  
 WASHINGTON, April 22d.—The President sent a message to the Senate yesterday concerning the arrest of ex-Secretary of War Cameron, at the instance of Pierce, Butler. The President avers the arrest of Butler to be his act, done under his authority, and says that State necessity justified it. The Senate yesterday confirmed Stephen F. Elliott of California, as Brigade Surgeon. CAHO, April 22d.—The news from Fort Wright is unimportant. The bombardment continues. The rebels have cut the levee on the Arkansas shore, opposite the fort and a number of fine farms are now covered with water, for miles around. The rebels are greatly exasperated at the outrage. FORT MONROE, April 21st.—Nothing new from Yorktown, except matters progressing satisfactorily.  
 NEW YORK, April 22d.—Admiral received by the Marion state that a surveying party of 200 from the Michigan 8th, landed at Wellington Island, before Savannah, were surprised and fired on by 600 or 800 rebels, killing and wounding several; the fire was returned, and after a short stand the rebels retreated.—Federal loss 13 killed and 30 wounded. Fort Pulaski is so much injured
