SQUAW MEN.—There has been considerable of a flutter among the men who live with squaws, in this county, about giving up their dark-eyed maidens to be taken to the Reservation. Most of the squaws, we believe, intend to leave unless their "waugies" will marry them. A Mr. Duncan, of Eel river, yesterday performed this interesting ceremony, before Justice Simonton, of Bucksport. We saw the "blushing bride" a few moments after she had sworn to "love, honor and i-u-gua," and she looked as though she had been doing something important but did not know exactly what.—*Humboldt Times.*
