

MORE HUMBOLDT INDIAN TROUBLES.—A gentleman, arriving from Humboldt on Thursday, says that a Mr. Ellison was killed by Indians a few days ago, at Iroquois ranch—we believe that is the name. Ellison was a Missourian. Fifty head of stock had been stolen from North Fork of Yager Creek. With no further information, we suppose that the Indians have made their way back, and that war of extermination will ensue. Nothing but extirpation will subdue the ferocious devils.
