

MILITARY.—Gen. Kibbe forwarded yesterday forty stand of rifles to the "Forest Guards," Capt. Platt, located at Forest City, Sierra county. The "San Diego Guards," an infantry company, has recently been organized at San Diego, numbering about seventy-five men, and supplied with arms. Their accoutrements will be received, it is expected, by the next steamer. The "National Guards," a new infantry company formed at San José, numbering about seventy men, is in a forward state of organization, and will be supplied with arms within a week. We understand that other companies are being organized in different parts of the State, but nothing of a definite character has been received here in regard to them.
