

**GLAD TIDINGS!—INDIAN TROUBLES NEARLY AT  
END.—**Billy Kirkham arrived from Cox's Bar last  
night, bringing the gratifying intelligence that  
Capt. Miller's Company of "Mountaineers" had  
arrived at Burnt Ranch, and that a detachment  
was encamped below Big Flat. The soldiers re-  
port that the Indians on lower Trinity have given  
themselves up, and that there is every pros-  
pect of an early adjustment of Indian troubles.  
Such must be the case, as Quimby and Thomas  
have moved back to their old place, and others  
are making preparations to follow. Next to the  
success of the Union arms, we know of no in-  
telligence which could be more acceptable to the  
great mass of people in this county. Hundreds  
of people will flock to the lately deserted mines  
and farms on the western border of the county.  
Prosperity will be their certain reward, and the  
whole county will consequently be benefitted.—  
The good news is well worth rejoicing over.
