

**KLAMATH, TURN OUT.**—The people of Klamath county are standing greatly in their own light that they do not exert themselves to their utmost to raise a company for the battalion of mountaineers. They must know that the time of needing protection against Indian hostilities is near at hand with them, for they cannot be blind to the fact that the Indians there are daily growing conscious of their own strength, while they are not slow to observe the depleted condition of their adversaries. Let the good citizens there, then, go to work with a will and get up a company for self protection. Do not be deceived by the assertions of a few squaw men, that the Indians on Klamath are "good diggers" and want to be let alone. Neither be led astray by being warned by secessionists that you are enlisting to fight for "abolitionists." Raise your men and instruct your member next winter to levy a special tax for extra pay for them, and let those who are constitutionally opposed to fighting pay for the luxury of staying at home. The arms, ammunition, clothing, blankets, provisions, etc., are all here and ready for you. Turn out.
