

*Military Movements.*—Maj. McKinstry, we understand, will leave town to-day for Nicolaus, whence he will depart immediately for the seat of disturbances in El Dorado county, with a company of fifty dragoons, under command of Capt. Steneman, who are now rendezvousing at camp Far West.

Gen. Winn also departs this morning for Placerville, and we expect his presence to exert a very marked effect upon the unruly spirits in that region, of all shades and colors. Major Hall has lately entered upon the command of the militia, who were, by last advices, marching 150 strong, in quest of the concealed foe. | Sac. Times.
