OUTRAGEOUS. - An Indian boy, in the service of Mr. Swain, Elk river, aged about fifteen years, was murdered while at work in the garden of his employer on Wednesday. He was shot through the body with a tifle ball and died almost instantly. The boy had lived with Mr. Swain, we are told, for several years; indeed, had been brought up by him almost from infancy, and is said by the neigh-- bors to have been a good servant and an inoffensive lad. Although this deed was committed in the daytime and but a short distance from the house, it is not known who was the perpetrator; but whoever it was we trust be may be known and have justice meted out to him. A man who will kill an Indian boy in this manner, without adequate cause, but merely because he belongs to that race of human beings is not exalted above the savage It is cowardly note like this that casts a foul stain upon the reputation of this county, and paralyzes the efforts of those who endeavor to secure aid from Government to protect the lives and property of her citizens from the attacks of hostile bands in the mountains.
