

~~THE INDIAN RESERVATIONS IN THE NORTH.—The~~
~~Red Bluffs Deacon, of Wednesday, June 17th,~~
thus speaks of the new arrangements of the Indian Reservations in that section of the State:
Vincent E. Geiger, has been inducted into the position of Indian Agent at the Nome Lac-kee Reservation. The appointment gives universal satisfaction, particularly to those connected with the institution. Geiger is one of the most active influential and dyed-in-the-wool Democrats in California. Col. Stevenson is to proceed to Pitt River to establish a new Reservation, for which experience and thorough business qualifications peculiarly fit him. Col. Henley and Mr. Storms crossed the mountains with the cattle, bound for the Nome Cult Reservation on the 12th. The Colonel will proceed down the coast to Mendocino and return to San Francisco.
