INDIANS.— We would call the special attention of the Indian Agent at the Klamath Reservation to that portion of the report of the Grand Jury having reference to the removal of the Indians in our midst. They are, as we often said before, a perfect nuisance; and we trust the Agent will take steps to remove them at once. We do not know that he has sufficient force; but if not, the Department should, and no doubt will, furnish it on his application.— Crescent City Herald.
