

**INDIAN MURDERS IN MENDOCINO.**—Dr. T. M. Ames, under date of Big River, June 20th, writes the *San Francisco Herald* as follows:—

"I am just informed by Mr. Hamilton, that Mr. Oliver, of Point Arenas, was killed by the Indians at Shelter Cove, day before yesterday. The Indians had privately killed a man in the employ of Hamilton & Oliver, upon their stock ranch at Shelter Cove—the party attacked by the Indians consisted of three, viz.: Mr. Hamilton, Justice of the Peace at Point Arenas, Wm. H. Oliver, his partner and brother-in-law, and Mr. L. Smith, who has a stock ranch near Shelter Cove. Mr. Smith was armed with a revolver, with which he succeeded in killing at least two of the Indians and keeping them at bay until Mr. Hamilton could get hold of Oliver's horse, with which they succeeded in making their escape—Hamilton and Smith having both lost their horses and saddles. Mr. Oliver's body is still in possession of the Indians. A party of citizens will leave the Noyo this evening in pursuit of the Indians. Lieut. Dillon, of Fort Bragg, has been informed of the occurrence, and will send out a party of U. S. soldiers as soon as possible. Mr. Oliver was one of our most worthy citizens, and dies regretted by all; he leaves an interesting family to mourn his loss, who will receive the sympathy of all who know them."
