

Special Article.

FOR THE INDIAN COUNTRY.—Major Mellen arrived at this place the other day on his way to assume command of all the troops in Siskiyou and Shasta counties, being the "Military Sub-District of Siskiyou." The new Fort to be established in the north end of Surprise Valley on the ground indicated by Major Williamson will be known as Fort Bidwell. Major Mellen's headquarters, will be, for the present, in the saddle, as he informs us that he intends to make such disposition of the troops that the whole country lying between Northern California and Owyhee will be completely cleared of Indians the present season. *With what fidelity of Major Mellen, he is sure to do it.—Red Bluff Independent.*
