

A BOLD INDIAN MURDER IN YREKA.—

The Yreka Journal of June 21st says:

The Shastas and MODOES came to no terms yesterday, and they are at outs. Yesterday afternoon, about 4 o'clock, as Scar Faced Charley, of the MODOES, was riding his horse just below this office, on a gallop, across Yreka Creek, he was shot by one of the Shastas, who stood opposite our office, on Miner street. The ball entered the Indian's back and came out through his body and wrist. The Indian rode some 200 yards after being shot, and then fell from his horse, and died in about 15 minutes. "Bull Head" is the name of the Indian who shot, and he escaped in company with an Indian boy, probably making for Canal Gulch. It was certainly a bold affair in broad day light in the streets of Yreka, and Indian like, he shot his adversary from behind.— The body was carted to the rancharie, where we expect a general howl will be raised, and indiscriminate tarring of squaws faces in mourning.
