

FROM THE INTERIOR.

The following items are from the Courier of Saturday:

FIGHT WITH THE INDIANS.—Mr. Roach, of Blaine county, has informed us of an Indian fight which came off in Scott's Valley on Sunday last, 12th inst. A party of Indians murdered a man by the name of Calvin Woodman. As soon as the news of the murder reached Yreka, a party of about thirty persons started in pursuit of the Indians, and overtaking a party of the Shasta tribe in Scott's Valley, fourteen of them were killed. A chief of the tribe was taken prisoner and promised to furnish within a few days, the murderers of Woodman.

Captain Davis, Commanding Officer of the troops stationed near the mouth of Cow Creek, gives us a flattering account of the progress making in the construction of government buildings at his post. We regret to state, however, that the skeleton of a company under his command, numbering between forty and fifty men, has not been able to keep free from the diseases of the Valley.

MASONIC LODGE.—We are informed that it is the intention of the Masonic Lodge of this place to erect a suitable building for their use at an early day. The great success and encouragement which has attended the establishment of the lodges of this fraternity in other parts of the State, has not been wanting here. Western Star Lodge No. 2 has become much stronger at each successive meeting. We are assured that if citizens outside of the lodge will assist, such a building will be erected as will be suitable for a church, school room, and lodge room.
