

**FROM THE WAR.**—We learn from Mr. Barnum of Hydesville, that two parties of volunteers left Cooper's mill July 23d, and both returned yesterday. They tracked the Indians for some distance, and came upon one of their encampments, where they had apparently lunched. On their return one of the parties came upon the trail of two of them, coming down Elk River, and had the good fortune to kill one of them. A party of volunteers are now forming to take the field for a campaign. God speed them in their righteous cause.
