

**MORE INDIAN OUTRAGES.** We are in-  
formed by Mr. W. J. McNamara, late  
last evening, that a man by the name of  
Stephen Crippen was shot, and it is tho't  
mortally wounded, by Indians in Mattole  
valley, Wednesday afternoon. Mr. Crip-  
pen was out in company with another  
man in search of stock, and was fired  
upon by Indians in ambush. Mr. Mc-  
Namara obtained this news from a man  
named Halsey.

**ABANDONMENT OF FORT HUMBOLDT.**—  
We learn from Capt. Lovell, that he has  
received orders from headquarters to lo-  
cate and build a new station at or near  
Larabee's creek. The new fort is to be  
built by the soldiers, and as soon as it can  
be made habitable, he is to remove his  
command from Fort Humboldt to it.  
Capt. Collins is ordered to take command  
of Fort Gaston in Hoopa, in place of  
Maj. Underwood, who is ordered East.  
Our citizens will miss the command at  
Humboldt much; it being one of our  
oldest county institutions.
