

KILLED BY INDIANS.—A gentleman just down from Ukiah Valley, Mendocino county, informs us that a man named Thomas Carson, alias "Tom Punch," was found dead last Saturday morning in that vicinity, with seven arrows sticking in his body. The Indians there, although perfectly friendly to the whites generally, had sworn to avenge themselves upon Carson, for the brutal treatment of a Mohala, indulged in by him, some months since.— No doubt he has met his death at the hands of the friends of the insulted Mohala.
