

Not So.—Last week we stated that Thomas Carson, alias "Tom Panch," had been killed at Ukiah by the Indians. We made this statement on the representations of Mr. M. H. Jose, formerly a resident of this city, but now an inhabitant of Ukiah, who said he had just arrived from the scene of the reported murder. Last Wednesday we received a note from Ukiah contradicting the whole affair, and reflecting in no kind terms upon this paper for making the statement. If any injustice has been done the good people of that locality, to themselves and not to us, belongs the censure. Mr. Carson, we learn from other sources, is not only in the land of the living, but is, and was at the time of his reported massacre, a resident of Marin county.
