

**SUCCESSFUL INDIAN SCOUT.—Sergeant**  
**Hines of Co. E, 6th Inf. C. V., with a de-**  
tachment of fifteen men, having followed  
a small band of Indians for twenty-eight  
days, came upon their camp on the 16th  
inst., surrounded it and took two prison-  
ers. These they tied to trees and then  
secreted themselves in the brush near by.  
After remaining thus until nearly sun-  
set, they saw two Indians approaching,  
upon whom they fired, killing both. One  
of them was recognized as Choupin Foy,  
a notorious Indian and Chief of his band.  
They also captured their guns. The  
prisoners which had been tied were then  
hung, during which operation the re-  
mainder of the party of Indians kept up  
a fire upon them, but owing to the dis-  
tance they did no harm. There were  
only seven Indians in the band.
