

**PROTESTING AGAINST INDIAN RESERVATION.**—  
The *State Journal* says that the citizens of Bear  
River and Mattole are getting up remonstrances  
against extending Mendocino Reservation up  
the coast. The vallies of Bear River and Mat-  
tole, as well as the mountain prairie between  
them are covered with herds numbering thou-  
sands—in fact it is the great stock range of  
that country. and to absorb that region in an  
Indian Reseryation, and drive the white settlers  
therefrom, would produce incalculable mis-  
chief.
