

"KIBBE GUARDS."—The military company, named as above, met at the Court House on Monday evening, and appointed committee to draft by laws and procure room for armory. On Wednesday, the bond approved by Judge Miller, was forwarded to Sacramento with an order for arms—70 rifles—Trinity signal.

Where are our "Kibbe guards" or guards of any kind? At Weaverville, some distance from any danger from Indian depredations, there seems to be no difficulty in organizing an Independent military company; but here, in the county most interested, there is so much indifference as to let the project go quietly to rest.
