LAID OVER.—Mr. Loop, the mail carrier between Union and Weaverville, laid over this week, being unable to get any one to escort him through the hostile Indian portion of his route. Hereafter, Capt. Underwood, who has taken the field, will keep the route open for the regular trunsportation of the mail. Loop has heretofore been obliged to ride nights when he could not full in with company, and has run great risk of being waylaid every trip he has made for the last three mouths.
