. "The Indian Bureau has no official intellisgenco whatever by the last. Culifornia mail, concerning our Indian, relations on the Pacilie, an omission on the part of the agents which occasions much disappointment, and for which the Commissioner cannot account. The agents for months past have failed to keep the bureau advised of events in that quarter."
We clip the above item from a Washington correspondent. We are sorry that agents on this side have failed to report, for the service they have rendered the "poor Indians," particularly in this section, would no doubt be very gratifying (?) to the Clovernment. The citizens of this county would be pleased to see a report of thuragents from that portion of the Mendocino Reservation-which takes in Mattole Valley.
