MOVEMENT OF TROOPS .- The command under Capt. Underwood, is stationed at Pardee's old place ob Redwood, and is still engaged in escorting trains across the mountains. A company of 80 men was organized at Big Bar, on the 14th inst., and elected I. G. Messic, of Weaver, Captain, and Mr. Winslet, of Burnt Ranch, 1st Lieut. They were to arrive at Oapt. Underwood's camp on Monday of this week, and, after establishing a permanent camp some where in that vicinity, they will proceed at once against the Gen Kibbe was in Union on Monday last, and had started out two weeks supplies for the Volunteer Company. The Gen. will remain with them for a while, furnishing them with supplies, under his Commission as Adjutant-General of the State. The company, is composed of good men, and with the officers they have relected we have every confidence they will put a stop to Indian depredations in that quarter. Success to them.
