Found Dkan.—The bodies of two Indian boys,
San Francisco John and Nicodenius, were found
perforated with balls on Sunday, near Knight's on
Big slough between this and Eureka. It is generally known who committed the cowardly deed,
though there is no testimony, as that of the Indian is not allowed in our courts, and in consequence the perpetrators will escape punishment. John and
Nicodemus belonged to the remnent of the tribe
living on Indian Island.
