

INDIAN MEETING.—By a notice in another column of to-day's paper, it will be seen that a mass meeting will be held in this place on the 3d. of next month, for the purpose of setting forth, by the unanimous voice of our people, the desperate condition we have been placed in by reason of Indian hostilities, and make an effort to direct the attention of those in authority, and those whose duty it is to render us aid, to our condition. The object of the meeting, as we understand it, is to set forth in a memorial, a list of our grievances—murders, loss of stock, burning of houses, robbing of pack trains, depreciation of all kinds of property in the exposed localities of our county, and the necessity for having some protection from the military arm of the Government.
