

The *Trinity Journal* is doing good service for this county, and those adjoining, in lending a hand to expose the gross mismanagement of military affairs here, and the humbuggery of the so styled Indian Reservation system. We are unobligations to our friend of the *Journal* for the cutting criticisms upon the course of certain papers in San Francisco, in relation to our Indian affairs. The following extract will be duly appreciated and acknowledged to be correct by our readers in this county; in speaking of an article copied from this paper, the *Journal* says :

The extract is from the *Humboldt Times* of Dec. 6th, in response to an article copied from the *Alta Californian*, where in Mr. Superintendent Hanson is lauded to the skies for his humane act in going to San Francisco and procuring eight hundred and ninety one cast-off garments for the use and comfort of the Indians he had removed from Humboldt to the Smith river Reservation, which said garments will probably in the end cost more than a new and a substantial outfit should have done. Now, is the editor of the *Times* credulous enough to believe that the *Alta* or *Bulletin* will ever deign to notice the fact so often mentioned of late by northern contemporaries, that a portion and perhaps the greater part of these Indians have already returned to their old haunts in Humboldt county? That they will ever become cognizant of the fact, that as soon as Mr. Hanson had seen these Indians safely landed at the Reservation and started for San Francisco to get this "cast off clothing of every description and size, suitable for buck, squaws and papposes," they immediately commenced leaving. Will they ever inquire whether Mr. Hanson, when he moved these Indians to the Reservation, took the proper measures to guard them and see that they remained where they had been carried at an expense of many thou-

tion and size, suitable for buck, squaws and papposes," they immediately commenced leaving. Will they ever inquire whether Mr. Hanson, when he moved these Indians to the Reservation, took the proper measures to guard them and see that they remained where they had been carried at an expense of many thousand dollars to the Government. We don't believe they ever will. They are too ready to justify every brutal act on the part of the Indians, as natural revenge for the wrongs they have received at the hands of white men.

The fact is, that there are but two classes of persons that we are aware of, who are always expressing sympathy for diggers: one is composed of philanthropic newspaper men who reside in the "great cities," and who know no more of the character of these Indians than a Yale College student; the other class is known in all Indian cursed communities as "squaw men"—men who live with the Indians and subsist off their plunder. However unpleasant this may read to these apologists for Indian brutalities, it is nevertheless true.

The people of Humboldt county have suffered terribly within the past twelve months at the hands of the Indians, and still no real or decisive steps have been taken to ameliorate their condition. It is now proposed to call a mass convention of the people to consider what steps shall be taken to call the attention of our State and National authorities to their unhappy condition, and to see if some steps cannot be taken for their immediate protection and benefit. A remedy for the evil must be speedily devised.

Mr. Personett, the Assemblyman elect from this county, is cognizant of the true state of affairs in Humboldt, as well as on the border of our own county, and we are satisfied will lose no opportunity to properly bring the matter before the Legislature. The facts are easily obtained to show that there has been woful mismanagement on the part of the military authorities sent to ameliorate the condition of that people. Hardly a week has passed during the last six months but one or more citizens have been brutally murdered, and their homes pillaged and destroyed; and this too, with a force

py condition, and to see if some steps cannot be taken for their immediate protection and benefit. A remedy for the evil must be speedily devised.

Mr. Personett, the Assemblyman elect from this county, is cognizant of the true state of affairs in Humboldt, as well as on the border of our own county, and we are satisfied will lose no opportunity to properly bring the matter before the Legislature. The facts are easily obtained to show that there has been woful mismanagement on the part of the military authorities sent to ameliorate the condition of that people. Hardly a week has passed during the last six months but one or more citizens have been brutally murdered, and their homes pillaged and destroyed; and this too, with a force of from three to seven hundred military within the county borders. For a time the military commander of the District even refused an escort for the mail between Hoopa Valley and Arcata, and it was only upon the threat that the route would be abandoned, that such protection was furnished.

But Humboldt county is not alone in this extremity. The people on the Trinity border, and in Klamath and Del Norte counties are also in danger, and it is to be hoped that the entire Northern delegation will join in asking for relief for their constituents, and see that it is provided in some shape, no matter what, so long as we get it.

On the outside of our paper will be found an order from the War Department concerning soldiers' clothing. It will be seen by the following order that the regulation will be enforced in this District:

HEADQUARTERS H. M. DISTRICT, }
FORT HUMBOLDT, Dec. 25th, 1862. }

GENERAL ORDERS No. 10.

Army, General orders No. 166, "current series" will be rigidly enforced in this District.

By order of COL. LIPPITT.
JOHN HANNA, JR.,
1st Lieut. and Adj't. 2nd Inf't. C. V., A.
A. A. G.

[COMMUNICATED.]

The lady managers return their sincere thanks to the people of Eureka and vicinity for their very liberal support at the Festival; also to the Eureka Brass Band their unanimous good feeling in discoursing excellent music—may their musical talents never fail. Also, to Mr. A. Han-
