

CONSTITUTION OF CALIFORNIA.—With regard to the Constitution of California the N. Y. Tribune says :

“The cheering intelligence from California which we are now constantly receiving, awakens renewed rejoicings among the lovers of freedom, and in the numerous circles which cherish a deeper and more absorbing interest in the fortunes of the people of California. The completion of the new constitution, (which was received here in full by the Crescent City on Saturday last,) has called for a variety of speculations and auguries for the future good government and prosperity of the state.”

THE HAWAIIAN EMBASSY.—Dr. Judd, Special Commissioner and Minister Plenipotentiary from the Hawaiian Kingdom, with the sons of His Majesty, Liholiho and Lot, arrived safe in New York by the Crescent City, and sailed for Europe on the 14th December in the Canada.

TROOPS FOR CALIFORNIA.—We learn from our recent exchanges that Col. Magruder, U. S. I., stationed at Fort McHenry, has been ordered with his command to California.
