Sir

I wish to inquire of you if a certain original document belonging to me enclosed by Geo. H. Doule on the 10th of last February and addressed to S. Lea Esq. Commissioner of Indian Affairs Washington D.C., has come to your office, being for a claim of \$4,000 against the Root Digger Indians of California. This document contains additional evidence to that which was put on file by Adam Johnson Indian Agent in 1852 for the same claim. If it has come to hand, I wish you to forward me a copy. I wish to hear from you by return mail if possible. Yours truly
S. B. Osborn

P.S. Don't forget to get the other one.
