## WHIG STATE CONVENTION.

The Whig State Central Committee have issued a call for a State Convention, to be held in Sacramento on the first Monday of June next. The convention is to nominate Presidential Electors, Judge of the Supreme Court, Members of Congress and such other officers as may be necessary to be chosen at the next general election.

The basis of representation in the body is to be as follows:

Two delegates for every one thousand votes, with an additional delegate when the fractional vote exceeds five hundred; and when the vote of any county is less than one thousand, said county to be entitled to two delegates. The vote given at the last general election in each county to be considered the rule of apportionment.

GEN. MOREHEAD'S EXPEDITION.—It is very well known that this famous general, who has figured so extensively in the lower part of the State, has been in Sacramento for several months back, collecting a company of ambitious and restless youths, for the purpose of making an excursion to the South; either to distinguish themselves, or to better their fortunes. But little definite has as yet transpired relative to his object, and it is frequently hinted that he has a very indefinite idea in the premises himself. Suffice it to say, the company, whatever their purpose may be, have purchased, provisioned and fitted up a bark, and are now on their way down the Sacramento River.
