Dr Sir -

Permit me to introduce to your  
acquaintance Doc. J. R. Wooster of California -

Doc. Wooster is a man of great  
Energy & Extensive Information and has some  
views of his own as to the policy to be  
pursued with regard to our California Indians.

I think his views will be found  
entitled to grave consideration, and I therefore  
ask for him your consideration of such  
views as he may desire to present -
