Sir

I have the honor to acknowledge the receipt of your instructions of Dec 9 1858 which I received upon my return to this post yesterday, having been absent amongst the tribes in this district who are principally for the purpose of preventing them joining with the Mohave Yampai's and Pimuts. in hostilities against the Whites. In compliance with the request of Special Agent Bailey see copy of letter March 21 to Lt Col Geo Hauman U.S.A I forwarded the Agricultural Tools to the Pimo Village by a responsible party free of cost to government, to the care of Agent Walker notifying him of the same and enclosing receipt for him to sign & forward me. The seeds four (4) bags of wheat & one (1) of barley & distributed to the Cochans or Yumas they having none & being very anxious to procure some. While the Pimos & Maricopas had an abundance they having disposed to the Overland Mail Company one hundred thousand ~~of~~ of wheat via Buckley Esq Subintending Agent of the Company from this place to Tucson being my authority. Your instructions in reference to the balance of the goods &c shall be carried out at the earliest practicable moment.

It is deemed of the utmost importance by the Military officers in charge of the Expeditives against the Mohaves and their allies, as also by Col Hauman Commanding at Fort Yuma. in which I agree with them. that until the troops now on their way

here from San Francisco shall have arrived. at this point & taken up their line march for the County of the hostiles. up the Colaveros. I should remain to prevent the Cochinos Dignos & other tribes who inhabit & who reside in the vicinity of the Colaveros and who at the present time manifest a good deal of

quiet as far as possible
I am fearful that the amount of goods is too small for a general distribution as contemplated by your instructions to me, & will give rise to a good deal of dissatisfaction amongst them for taken the published statement of Special Agent Bailey to the Secretary of the Interior. The Mariopas number 4635 souls, & the Pinos 1500 Warriors & allowing five souls to each warrior (which will be admitted as a low estimate by every one conversant with Indians) 7,500 making a total of 11,935 souls amongst whom to issue about \$400 worth of goods

1 Paper marked B is an inventory of the goods from which you can form an idea of what amount each will receive,

Very respectfully,
Your Obedt. Servant
Wm. C. L. ...

Sir

I have the honor to enclose herewith two bills of lading of goods purchased by the under instructions from the Commissioner of Indian affairs for the Pimos & Maricopas. I will be greatly obliged if you will receive these goods and store them until instructions in regard to them can be sent out from Washington

Should a favorable opportunity occur please distribute the hardware & seeds among the Pimos, I have been informed that they are exceedingly anxious to obtain a few hoes & spades &c and I know that the Indian office is desirous of maintaining unimpaired the friendly relations heretofore existing between these Indians & Whites,
