How Mr. W. Quinn

As I enclose you the  
circumstances of the citizens of Round Valley  
against the taking of the Valley for a  
reservation. It would be entirely unjust  
to deprive them of their claims now  
without providing to compensate them well  
for their improvements. But I suppose  
nothing will <sup>be</sup> done this session, and by  
an other year the matter will be better  
understood

Yours &c

J. S. Henley.
