

W. Grush, who are working a claim, with another partner, just south of the old Revere Mill, with three men's work, took out 34 ounces last week, being near \$200 per week to the hand. These claims are high up on the hill, and the bed runs diverging from a ravine, from which it is now entirely separated. They have been long worked with uniform success. The prospect is fair for an equal yield the present week.

We learn from Mr. Hosmer that \$600 above expenses was taken out of the "Hussey Claims" on Wet Hill, last week.

From Los Angeles—Two Weeks Later.

THE GOLD MINES—TRAIN ATTACKED BY INDIANS—GREAT SUFFERING—ORGANIZATION OF MILITARY COMPANIES.—We clip the following from the *Alta* of Thursday:

By the Goliath we have the Los Angeles *Star* of the 4th inst. A train from Salt Lake had arrived, bringing news to the 2d of February.

In reference to the gold mines near the Santa Anita, the *Star* says:

There is nothing of importance from Santa Anita this week. Some who have returned state that there is no encouragement to dig, unless one has capital to turn the water, or owns a share in some of the companies.

On Monday, the 13th, twenty men commenced digging a race, which was completed in eight days—making one hundred and sixty days of labor. The toms and sluices were then put in, since which we had no intelligence. We are told that two claims have been sold for \$100 each. A claim is fifteen feet front. The discoverers were awarded two claims, and these two duplicate claims are those sold.

FROM CHINO.—The Four Creek Indians made a descent upon Col. Williams, last Saturday, and ran off 125 head of his horses, and 25 belonging to other rancheros. Among the animals stolen was a fine American stallion, belonging to Dr. Creal.

MORE RANGERS.—The citizens of the Monte assembled on the 23d inst. and organized a force auxiliary to the Rangers of this city.—The new company consists of 26 active mem-

bers. The following gentlemen were unanimously elected officers: John H. Hughes, Captain; James H. Wetherbee, 1st Lieut.; Alex. Puett, 2d Lieut.

It is the intention of this company to make immediate application to be received as a military police force, and to be supplied with arms, &c. The meeting was well attended, and we are assured the enrolled members are all good men.

The military police of this county, including this company, now consists of two companies of mounted and one of foot Rangers, numbering 75 active members. Their efficiency has often been tested, and so long as there are thieves and villains, we believe their organization will be a necessity to the community. It is the intention of the three companies to hold a meeting soon, for the choice of batallion officers, and to take measures for a permanent orgrnization of the force.

KILLED BY INDIANS.—Mr. J. T. Smith, just arrived from Salt Lake, reports the death of Col. Reese and two men, by the Pah Utahs. We gave an account of "Reese's Train" last week, and the loss of a sum of money. Col. R., on arriving at San Bernardino, had a dream, in which the locality of the money was so vividly impressed upon his mind that he resolved to return and find it. He returned with two men and when near Salt Springs was attacked and killed. His death was reported to Mr. Smith by one of the Indians. Mr. Smith was himself attacked three times by the same band, and suffered many hardships. The last time they killed his horses and eat them on the camp ground. They also took his blankets and clothing, and left him with his wife and two children alone on the desert. He says they were for 60 hours with scarcely no rest, and were finally overtaken by a portion of Reese's relief train and brought into San Bernardino. He was well armed, and to this fact alone he says he owes his personal safety.

By later accounts we learn that Mr. Reese and his party returned in safety to San Bernardino on Monday night. They suffered much for want of provisions, but were successful in finding the entire sum of money in a buckskin
