Daily Alta California, Volume 5, Number 73, 15 March 1854 — MINING NEWS. [ARTICLE]

MINING NEWS.

The *Union* has the following from Yankee Jim's:
In three days last week, Messrs. Jamison & Co. took from their claim, on Iowa Hill, 375 ounces. Many other claims are paying from \$100 to \$200 per day to the hand. Three men took out \$1000 each last week from a claim on Richardson's Hill, a short distance from Iowa Hill.

From Mariposa.

We are indebted to Wells, Fargo & Co., for the *Mariposa Chronicle*. We find the following items:
TOWN DIGGINGS.—We understand that diggings of more than ordinary richness have recently been discovered in the town of Carson, about four miles from this place. Miners have gone to work in the principal street, and are realizing from \$15 to \$20 per day to the hand.

THREE POUND LUMPS.—A Mexican mining in Bear Valley, last Saturday, took from his claim a specimen of pure gold weighing fully three pounds.

SHOOTING.—We hear of an Indian being shot on the Merced river, but are unable to give the particulars.

GOLD DUST.—Over five hundred ounces of gold dust have been sent from this place to San Francisco during the present week. One house remitted three hundred ounces.

SCARCITY OF COIN.—Great inconvenience is experienced by our business men and others, in consequence of the extraordinary scarcity of gold and silver coin.

POVERTY FLAT, UPPER AGUA FRIO.—The claim of Messrs. Reynolds & Co., worked by three hands, has for the last ten days yielded an average of between seven and eight ounces per day. On Tuesday last, the proprietors took out nine ounces, and on Wednesday eight ounces. The gold is of the most beautiful description, and it is thought will assay a much greater fineness than any ever before in Mariposa county. Other claims on the same Flat are paying remarkably well.

ANOTHER INDIAN FIGHT. — TWENTY-ONE INDIANS KILLED.—The Mountain Diggers, living on the coast range at the head of Toms' and Stony Creeks, in Colusa county, have of late stolen a large number of cattle and horses from the inhabitants living in the valleys. A gentleman who arrived from Tehama yesterday, informs us that on Wednesday of last week, Messrs. Hedspeath and Swift headed a party of twelve men, and went into the mountains for the purpose of punishing the tribe. They found a number of them hid in caves, and after a

They found a number of them hid in caves, and after a sharp fight, succeeded in killing twenty-one, three of whom unfortunately were squaws. They took twenty men and children prisoners, and brought them to the settlements. A wounded squaw was left under a tree, where she would be found by her friends. It is reported that the Indians from the North are gathering in formidable numbers on the mountains, and the inhabitants of the western portion of Colusa are organizing and arming for self-defense. We shall probably hear of more Indian troubles in that region in a few days.—*Sacramento Journal.*

TROUBLE AMONG THE INDIANS.—We learn that there is trouble among the Dieguinos Indians in this county in consequence of the re-appointment, by Superintendent Beale, of old Tomas, as Captain General of the tribe. We have seen communications from La Mesa, in the vicinity of the Dieguinos Indians, stating that they manifest great dissatisfaction at having old Thomas thrust upon them again, and that they even threaten rebellion.—*San Diego Herald.*
