Tejon July 23^d 1859

Sir:

When at Washington I represented to Gen. Drew Com^d of Ind. Affs. the necessity of retaining a physician on this reservation & that the common dictates of humanity demanded the continuance. He informed me that he would order his continuance - & in a conversation since he informed me that such an order had been issued - although it has not been received at this office. Upon this assurance the Physician has been retained. I should wish to be fully advised with regard to the matter - as I am anxious to continue the services of the Physician & yet not transgress my instructions. Will you have the kindness to inform me at the earliest possible period. For information on the subject I will refer you to Com^d Drew & Mr. Mix:

A. B. Greenwood Esq. Respectfully yours
Com^d Ind. Affs. Oct. 20th
Washington DC }
