NEW PAPER.—The first number of the *Southern Californian*, was issued at Los Angeles on the 20th instant. From that paper we clip the following news :

INDIAN DEPREDACTIONS.—We are informed by a gentleman from near San Jose, that lattely a party of Pah Utah's, have been stealing large numbers of horses from the different ranches between San Gabriel and San Jose ranche. Don Ygnacio Alvarado had 43 horses stolen ; Mr. Dalton also a large number. As soon as the robbery was discovered a party started in pursuit, and overtook the Indians at the Cajon Pass. As soon as they found they were pursued the robbers killed several of the horses, and made their escape with such as they could get along with. About forty of the mares that the Indians abandoned, returned to the ranches. Is not our Government culpable for not protecting her frontier settlements ? A few dragoons stationed at the Cajon Pass would protect the property of San Bernardino and Los Angeles from the depredations of this, the worst tribe of Indians in California.

MURDER.—On Tuesday morning last a man was found in the street near the Church, murdered. No clue has as yet been had as to the perpetrator of the deed.

RAIN.—On Tuesday, the 11th instant, we had a pleasant sprinkle of rain, which is so unusual at this season of the year, that we received it with pleasure.
