Dear Sir

I am the administrator of James H. Savage deceased, who during his life was interested in Drafts on the Secy of Interior to the extent of a one fourth interest in \$66500.00 for which I hold Samuel J. Henslys receipt with his promise to collect and pay over to said Savage the amount coming to him

I desire to know whether in the late Appropriations made by Congress in favor of Hensly whether the Savage claim was allowed - and how much and when and in what manner the appropriation will be paid together with whatever other suggestions you may think proper to communicate

Please excuse this liberty which

My duties as administrator
require me to make and ans-
wer immediately
