

CITIZENS' STEAM NAVIGATION COMPANY.—The *Marysville Express* says that at a meeting of the Council on Monday night, Mr. Thornburg, Alderman from the Second Ward, offered a resolution requiring the Mayor to issue his proclamation for an election by the people, to ascertain whether they would authorize the city to loan her credit to the "Citizens Steam Navigation Company," in an amount not exceeding one hundred thousand dollars. It is proposed by the resolution, so we are informed, to issue to the company the bonds of the city, bearing interest at the rate of ten per cent. per annum, in such sums as they desire, not exceeding the amount proposed. Should the citizens authorize such loan, it would enable the company to build another boat of the capacity of the *Enterprise*, besides relieving them from all liabilities except the city.

MYSTERIOUS AFFAIR.—Information was given at the Marshal's office, yesterday, by a man who stated that he resided at the Crescent City Hotel, that on the night before, at a very late hour, he was in company with a friend of his on the corner of Davis and Washington streets, when a disturbance took place between themselves and some other parties, during which his friend, whose name is Henry Feathery, received several stabs, and in the confusion that ensued, got separated from him, since which time he has made every effort to obtain some knowledge of his whereabouts, but without having met with the slightest success. He believes, from the mystery attached to the disappearance of Feathery, that he was killed in the melee, and his body taken away for the purpose of concealing the crime. Measures have been taken which, it is hoped, will tend to elucidate this mysterious incident.

NOT TRUE.—The report which has been in circulation for the past week, that Mr. S. P. Storms and King Weimer had been killed by the Shasta Indians, was a complete hoax. Mr. Storms was in Grass Valley on Sunday last. Mr. Storms gives a very favorable account of affairs as progressing at the reserve. The Indians are contented, improvements rapidly progress, houses are building, farming going on, game plenty, and all things moving forward to the entire satisfaction of all interested.
