

BRUTAL MURDER AT SANTA BARBARA.

—The San Francisco *Evening Journal* says it has been informed that Edward Simmons, of Santa Barbara, a carpenter by trade, was brutally murdered in that city, on the night of August 1st. He was attacked in the street, and besides other injuries received, his jugular vein was nearly severed by a knife. A desperate Indian, well known in Santa Barbara, has been arrested and committed, under a strong suspicion of his being the guilty party.
