
LOOK OUT FOR INDIANS!—Mr. Lyons, of Willow Spring ranch, on the Cherokee road, four miles east of this place, showed us last Tuesday an arrow, which had just been shot into an ox on his ranch, making a fatal wound. Two Indians were seen with rifles, and the tracks of two horses were discovered. Tracks of men, some barefoot and some with shoes, were also seen. It is only a short time since Mr. Lyons was shot at through the window while sitting in his house. Remember this was only four miles from Sonora—the same place where Mr. Slater was killed last winter.
