

# THE HUMBOLDT TIMES.

UNION, CALIFORNIA, SATURDAY, FEBRUARY 24, 1855.

OUR SENATOR.—Mr. May is now voting for Mr. Gwin. We are gratified to see this. We believe that by so doing he is representing the wishes of a very large majority of his constituents.—*Yreka Herald.*

We should like to be informed where that majority is to be found, as the results of the September elections in Klamath, Siskiyou, Trinity and Humboldt told "another tale."

Business on the Klamath, and on the lower part of Salmon Creek has entirely ceased.—*Yreka Herald.*

Business ceased for a week or so, at the first outbreak of the Indians, but it again resumed, with promising prospects of an increase over that of any former year, loaded trains going out daily, both from this place and Trinidad.

COMPETITION.—The boats on the Sacramento river are carrying passengers from San Francisco to Sacramento City for fifty cents in the cabin and *anything* on deck.
