

SAN DIEGO HERALD.

1. SAN DIEGO, CAL., THURSDAY, JUNE 19, 1851.

From General Bean's camp at the Cajon Pass, we learn that all is quiet in that neighborhood. A scouting party under Capt. Brannan, a short time since, proceeded to beyond French's ranch, at the extreme of the Tulare valley. An Indian spy captured by the party was shot. Charles Norris has been elected second Lieutenant, to fill the vacancy occasioned by the resignation of Lieut. Malcom.

It is possible that one of Irving's party may have escaped the massacre at the Canada of Santa Maria. All the accounts represent that there were twelve men in the party, and the Indians say that they killed twelve.— When the Coroner visited the battle ground, he could find but eleven bodies.
