SAN DIEGO, CAL., THURSDAY, DEC. 18, 1851.

**MORE TROOPS.** — Lieut. Hamilton of the 3d Artillery from Monterey, with 15 men, and Lieut. Frazer, from Benicia, with 35 men, arrived at this port, on the steamer Sea Bird, on Saturday last. They were accompanied by Asst. Surgeon King and Doct. Wozencraft, Indian Commissioner.

We regret that feeble health obliged Surgeon King to return on the steamer, the same day. The probability is, that Doct. Somers, the only Surgeon at present attached to this Division, will accompany the expedition.
