

We understood that the sons of Mr. King have been arrested, and are undergoing an examination before a Justice of the Peace.

Much excitement and feeling was manifested in their favor, their house being guarded by some fifty men during the night, there being some fear that Johnson's friends might attempt to revenge his death.

The King boys were examined before Justice Martin, and committed to await the action of the Grand Jury.

INDIAN MURDER.—Justice Eaton held an inquest on an Indian, who was found on Tuesday morning in the vineyard of Thomas Sanchez. He was about eighteen years old, and is supposed to be from San Diego. When found, his head was bruised and mashed, as though done with stones, and stripped entirely naked except a pair of socks on his feet. The supposition is that he was murdered by Indians during the night previous, as the occupants knew nothing of the affair.—*Los Angeles Star*.

Capt. Martin, from the Tejon Reservation, informs us that the work of plowing and seeding is progressing finely, and that over 800 acres of wheat is now in the ground. Several thousand bushels of last year's crop is still on hand, and as a flouring mill has just been started, there will be an abundance of breadstuff until another harvest. The Indians are peaceful and industrious, and everything goes on smoothly and prosperously.—*Ibid*.

We learn from Capt. Bell that he has shipped to San Francisco, Sacramento and Marysville, within the last ten days, 60,000 grape cuttings, together with 1000 three year old vines that will bear the first year. *Southern Californian*.

Los Angeles has recently made two attempts to elect a Councilman. Upon the first trial there was not a single vote cast. The second resulted in the choice of Dr Macey, he having received seven votes out of nine, the total number polled.

SAILING OF THE VAQUERO.—The clipper packet *Vaquero*, of Messrs. G. B. Post & Co.'s line, sailed yesterday afternoon for Honolulu. She takes the United States mail which left New York on the 20th Dec., which she will probably land at Honolulu in 36 days from New York. The clipper schr. *Restless*, which arrived yesterday, will, we learn, follow the *Vaquero* as the next regular packet, sailing in about a week.

MORE ROBBERY.—A gentleman occupying a room over the Telegraph Office, on Merchant street, on retiring to bed, on Saturday evening, neglected to fasten the door. In the morning he discovered that some person had paid him a nocturnal visit, and decamped with his nether garment, in the pocket of which was a certificate of deposit on Adams & Co., and between \$30 and \$40 in cash.
